

BUSY WEEK IS BEFORE LEGISLATORS

Effort Will Be Made To Rush Pet Bills Thru Before Rules Committee Takes Charge

(By Associated Press)
Frankfort, Feb. 13.—This week promises to be a fast and furious one for legislation in the Kentucky General Assembly.

With the regime of the Rules Committee scheduled for the last twenty days of the session almost at hand the members will get down to speedy work in an effort to force through all the legislation possible before they surrender their rights to the controlling committee. Next week all bills brought out will be advanced by the Rules Committee unless the houses decide by a majority of the elected members that they want some special measure presented for consideration.

More important bills are scheduled for this week than in any preceding week and it is likely that many important questions will be decided before the Rules Committee takes charge. Both houses during the past week outlined a number of special orders for this week, so that something interesting is scheduled for every day. Both houses lost one day on account of the adjournment until tomorrow for Lincoln's birthday and consequently some of the special orders set for this morning will not get a hearing until the following day.

Most important among the bills to come up this week are those in the Senate. Griffin Kelley's measure to provide for the election of county school superintendents by a direct vote of the people will come up for consideration early in the week. The House already has passed a similar bill and backers of the measure predict that it will carry in the upper body. Another education measure is that of Newton Bright's creating a State Board of Education of eight members.

Both houses will have evolution bills up for consideration during the week. In the Senate the Rash bill, or a substitute for it, will be taken up, and in the House the Chandler bill will be considered. Both measures have caused interest throughout the country and there is considerable speculation as to whether they will be enacted into law.

On Wednesday the Senate will take up Senator Hiram Brock's bill defining qualifications for members and employees of the State Board of Charities and Corrections. The minimum wage bill also is slated for consideration in the Senate Thursday morning at 11 o'clock.

Among the more important bills in the orders of the day are likely to be called up for consideration in the Senate are:

J. D. Whiteaker's bill to regulate the practice of medicine, osteopathy and chiropractic.

R. C. Simmons' bill, Minimum Wage Act.

J. W. Stoll, to prohibit trading stamps.

R. C. Simmons' bill to create office of Comptroller as desired by voters of various cities, districts and counties of the Commonwealth.

B. H. Harris' bill to amend school district law in fourth class cities with reference to annexed territory.

Griffin Kelley's bill to regulate the running at large of stock.

Newton Bright's bill to create State Board of Education composed of eight laymen and the Superintendent of Public Instruction.

Newton Bright's bill, load limit bill.

H. M. Brock's bill to prescribe method for State Board of Charities and Corrections to enter into contracts for employment of convicts.

William Wallace's bill to regulate manufacture, storage, transportation and sale of explosives.

F. M. White's bill to relieve women from poll tax.

William L. Wallace's bill to continue existence of Kentucky Council of Defense.

Newton Bright's bill to amend act defining boundaries for school districts embracing cities of the fourth class.

S. L. Marshall's bill to amend act relating to the appointment and qualifications of members of the Board of Trustees of the

University of Kentucky.

L. C. Simmons' bill to amend act relating to desertion and abandonment of children to include wives who are about to become mothers.

T. B. Watts' bill to increase salary of deputy or assistant assessors from \$1,500 to \$2,000 a year.

B. H. Harris' bill to require persons who hold oil or gas leases to develop same in three years or relinquish leases.

J. R. Rash's bill to prohibit the teaching of evolution in schools, colleges or institutions maintained by the state.

Pal Garner's bill to prohibit the granting of teachers' certificates to tubercular persons.

H. M. Brock's bill to enlarge the powers and territorial jurisdiction of sheriffs, policemen, town marshals and constables.

H. M. Brock's bill to authorize the licensing of a practicing physician in the county of his residence.

H. M. Brock's bill to authorize dentists who have practiced 12 years or more to register in office of county clerk.

H. V. Bell's bill to require soft drink stands to give unobstructed view of inside from outside.

The following most important bills are in the orders of the day in the House and likely to be called up for consideration:

E. A. O'Donovan's bill to repeal restriction of hunting rabbits.

E. A. O'Donovan's bill to submit \$15,000,000 soldier bonus bond issue.

G. C. Waggoner's bill to make a misdemeanor to kill or wound blood-fox or deer-bound.

James Park's bill to empower University of Kentucky and Normal Schools to condemn land.

C. D. Minor's bill to appropriate \$1,000 annually for five years for Perryville Battlefield.

A. L. Hamilton's bill to provide for State Police Force, appointment of a superintendent thereof, together with a deputy superintendent, clerical assistants and the officers and men who shall constitute the force.

James Park's bill to amend sub-section 8, Section 606, Civil Code, to provide that adverse party may be compelled to testify.

C. B. Truesdell's bill to amend sub-section 9, Section 3840, Kentucky Statutes, relating to the construction of sewers in the streets, alleys and highways of cities of the fourth class.

McVEY DEFENDS TEACHING EVOLUTION

(By Associated Press)
Lexington, Ky., Feb. 13.—Any statement that the University of Kentucky teaches "atheism, agnosticism, and Darwinism" (in the sense that man is descended from baboons and gorillas), is absolutely false, said Dr. Frank L. McVey, president of the University of Kentucky, in a prepared statement addressed "to the people of Kentucky" given out here Sunday.

Dr. McVey said that to forbid the teaching of evolution in the University would mean elimination of textbooks and courses relating to astronomy, botany, bacteriology, biology, geology and zoology.

Asking "What is Evolution," Dr. McVey said that "evolution is development; it is change, and every man knows that development and change are going on all of the time."

The statement is prompted by efforts being made to have the General Assembly pass laws, based on statements of William J. Bryan, forbidding the teaching of evolution in the public schools and universities.

Here's Cheap League

(By Associated Press)
Cairo, Ill., Feb. 13.—The "Tik" baseball league was organized here yesterday. It is composed of teams from Paris, Tennessee, Cairo, Illinois, Paducah and Mayfield, Kentucky. It plans to increase its membership to eight. The teams are limited to thirteen players each with a salary limit of \$1,800 per season.

Stearns, Ky., Feb. 13.—Mr. and Mrs. Finley Murphy, of Marsh Creek, are receiving congratulations on the birth of their 18th child, a son. Fourteen of the 18 are living. Mr. Murphy is 40, and his wife slightly younger.

EDMOND B. HUME DIES IN ATLANTA

Son of Old Madison Succumbs To Pneumonia — Death Comes As Shock To All

The death of Edmond Burnham Hume, aged 60, which occurred at his home in Atlanta, Ga., late Saturday, of pneumonia, has brought sorrow to many relatives and friends here, having come as a great shock as no intimation of his illness had been received.

Mr. Hume was reared in Richmond, moving from here to Louisville several years ago and from there to Atlanta five years ago. He married Miss Nettie Stockton of this city, who with two children, Miss Eugenia Hume and Mr. Stockton Hume, survive; also two sisters, Mrs. L. B. Herrington, of Louisville, and Mrs. Harvey Chenault, of this city. The body will arrive in Richmond Monday at 5 P. M. and be taken to the home of R. C. Stockton, on Lancaster avenue, from which place funeral services will be held Wednesday. The hour will be announced later.

ONE OF OLDEST CITIZENS SUCCEUMBS

The death of Mr. Stephen Gibson occurred at the home of his daughter, Mrs. D. M. Phelps, on the Jack's Creek road early Sunday morning, February 12, 1922. Death was due to the infirmities of age. He was born near Londonderry, Ireland, January 1st, 1825. Funeral services were held at the home Monday afternoon at 2:30 by Dr. Homer W. Carpenter. Interment in Richmond cemetery.

TELLS GROWERS TO SAVE CERTIFICATES

Some of the banks of the burley district are offering the tobacco growers who are members of the Burley Tobacco Growers' Co-operative Association the free service of their vaults in which to keep their participation certificates until they are called in by the association and are pointing out to them the possibility that these certificates may stand for more money than the advance received on the crop.

Chief of the Field Service Jos. Passonneau urges all growers who have delivered their crops and all who deliver their tobacco in future to take good care of the participation certificates, so that they may reap the full benefit for themselves of the new system of marketing. Growers are warned not to part with their certificates and not to sell them, as if they do so the growers will likely suffer the consequences of speculation; one of the evils the association is designed to eliminate.

BOOZE POURING AT HARRODSBURG TUESDAY

Harrodsburg, Ky., Feb. 13.—At 11 o'clock Tuesday all of the liquor seized in raids hereabouts and since held behind steel at the jail is to be poured into the gutter at the Pulliam statue in front of the court house. Sheriff Walter Kennedy will be master of ceremonies, and his deputies will stand guard over the kegs, jugs and bottles.

Judge C. A. Hardin, who has decreed the execution, will give the word for onslaught. The W. C. T. U. will attend in a body and will have photographs made.

The entire population has been invited to be present—a moral lesson being intended. The quantity to be poured has not been calculated, but numerous cargoes ranging from forty gallons down to quarts, have been seized and experts declare that the aroma will linger over Harrodsburg for at least two days. Every liquor case tried here has resulted in a conviction.

Catches Big Hawk

Mr. John Turpin caught one of the largest hawks seen in a long time last Sunday. It measured 53 inches from tip to tip.

Business Men

Don't forget the meeting tonight to take steps to reorganize the Chamber of Commerce. Every citizen is invited and urged to be at the State Bank and Trust Company at 7 o'clock. Your absence will be good evidence that you are not interested in an organized effort to work for the commercial development of Richmond and Madison county.

MARY MILES MINTER ISSUES STATEMENT

(By Associated Press)
Los Angeles, Feb. 13.—Mary Miles Minter, motion picture actress, issued a statement today declaring she had told investigators all she knew of the life of William Desmond Taylor, motion picture director, slain mysteriously 12 days ago. She said she could not conceive how any person could voluntarily wrong Taylor. "There is no personal or financial sacrifice I would not make to bring the slayer of Mr. Taylor to justice," her statement said.

Mack Sennett Questioned

Los Angeles, Feb. 13.—An arrest can be expected any time for the murder of William Desmond Taylor. This startling admission was made by Captain of Detectives David L. Adams. He amplifies his statement by saying that the person arrested would be a man and the avowed slayer of Taylor. Furthermore, the public will be greatly surprised when it learns the name of the man, Captain Adams said.

A fact hitherto denied, is that Mack Sennett, famous film producer for whom Mabel Normand works, has been questioned at length in regard to the crime. An official who refused to be quoted in the matter, admitted that Sennett had been questioned by whom or when, he refused to state. He also announced that he was not at liberty to state what Sennett had said.

Several days ago Sennett's private secretary stated that he was ill in bed and too sick to talk. He also added that the police had instructed him not to talk and guard the house. At that time Adams denied that Sennett had ever been questioned or that any of his men were guarding him. It became known today, however, that Sennett has been questioned despite his illness and the officer added significantly he probably would be questioned again.

SUIT AGAINST IRVINE ESTATE

Circuit court was occupied practically all of Monday with the suit of E. S. Wiggins against the estate of the late Mrs. Elizabeth Irvine. Mr. Wiggins is asking about \$5,500 from the estate for services rendered Mrs. Irvine during her life-time.

For a number of years Mrs. Wiggins was engaged by Mrs. Irvine to live at her home and attend other business for her, and the amount sued for is alleged to have been just and reasonable compensation over and above amounts paid him for his service in her behalf. Mr. Wiggins is represented by Attorney J. Smith Hays, of Winchester, while J. W. Crooke, administrator of the estate is represented by Attorneys A. R. Burnham and J. J. Greenleaf.

New Pope Is Enthroned

Rome, Feb. 13.—Pius XI was crowned Pope in the basilica of St. Peter's Sunday amid scenes of pomp and enthusiasm and in the presence of princes and dignitaries of the church, the diplomatic representatives of foreign countries, members of the Roman aristocracy and a vast assemblage filling the great structure to the very doors. The ancient custom was carried out with impressive ceremonies, and the newly elected pontiff now occupies the throne of the first pope reported crowned, Leo III, who reigned from 795 to 816.

BEREA "KIVVER" IS GIVEN HARDING

President Hutchins In Washington To Make Presentation At White House Today

Washington, Feb. 13.—President Warren G. Harding will receive today from President Jas. Hutchins, of Berea College, a "kivver" of the ample proportions and characteristic weave that have marked homespun products of the Kentucky mountains for 150 years. The quilt was made in the Fireside Industrial Department—housed in the Sunshine Ballard Cabin at Berea—by mountain girl students.

Dr. Hutchins will go to the White House at one o'clock, accompanied by John Temple Graves, Dr. Johnathan C. Day, C. C. Callum, Seth Low, Pierpont, Rev. Dr. Jason N. Pierce, and others associated in the Washington drive this week for subscriptions to the Berea \$100,000 necessity fund. The Berea head will make a short speech of presentation.

In addresses made from Washington pulpits Sunday, Drs. Hutchins and Day prepared the way for a mass meeting to be held Monday night when the appeal will be launched.

Dr. Hutchins told an audience at Calvary Baptist church—Mr. Harding's church—that the mountain people of the South are the stuff of which Abraham Lincoln was made.

"Patriotic, religious, prolific, they may become builders of America the beautiful," he declared. "The only solution of the mountain problem is christian education. Education to the mountain man means liberation, provided the education is set free from sectarianism, and set free from materialism."

Discussing the work of Berea, Dr. Hutchins said that back into the caves and "hollers" of Kentucky, Tennessee, West Virginia, Virginia and other states, go hundreds of normal students each year to transform the community life—the women to foster better homes, to serve as registered nurses, the men to teach and practice better mountain agriculture.

He also told of the handicaps wrought by the bad roads and other factors for isolation. He praised the work of his predecessor, Dr. William Goodell Frost, as that of "daring and constructive educational genius."

Dr. Hutchins spoke Sunday morning at the First Congregational church, Dr. Day, who is aiding the work in Washington, Baltimore, Philadelphia and other cities, also spoke at three Washington churches Sunday. He will address a number of luncheon clubs during the week.

Dr. Day, who for ten years was pastor of the Presbyterian Labor Temple, in New York, was born in Harlan county. His mother, who could neither read nor write, once sold 600 acres of the best coal land in Kentucky for \$600.

Representative Ralph Gilbert, of Kentucky, will preside at the mass meeting tonight. Addresses will be made by Drs. Hutchins and Day, John Temple Graves and others. The drive will be carried to Baltimore next week.

MADISON BOY IS OPERATED ON IN WEST

Mrs. G. B. Hale has received word that her brother, Rev. James Cornelison, of Pendleton, Oregon, is confined in the hospital awaiting the outcome of a serious operation for stomach trouble. Mr. Cornelison is a Madison boy and has numerous friends here who hope for a speedy recovery.

Notice to the Public

HELD HIS WIFE ON STREET CAR TRACK

(By Associated Press)
Windsor, Conn., Feb. 13.—Jos. Stroff is in jail here today on a charge of attempting to kill his wife by holding her on the track in front of an approaching trolley car. Her right leg was crushed and her condition is serious.

CHEAPSIDE NOW A THING OF PAST

(By Associated Press)
Lexington, Ky., Feb. 13.—Cheapside, the historic market place in the center of Lexington, where for more than a century farmers gathered on the second Monday in each month to sell and trade livestock, was under a heavy police guard today to prevent the assembling of court day crowds. This action follows the ruling of circuit court that the public square can be no longer used as a place of barter. The city meanwhile has been indicted on a charge of maintaining a nuisance. Farmers report they are planning to appeal the case.

The Weather

Generally fair tonight and Tuesday; colder tonight.

Today's Livestock Markets

Cincinnati, Feb. 13.—Light weights, packers and medium 25c higher; others steady; trade in Chicago lower; cattle and calves steady.

Louisville, Feb. 13.—Cattle 1400 strong; \$2 to \$7; hogs 5,400. 50c lower; \$4 to \$19; sheep 50 steady \$6 down; lambs \$13.

HOTEL SAFE ROBBED OF \$100,000 JEWELS

(By Associated Press)
St. Louis, Mo., Feb. 13.—Four bandits held up the night force at the Washington hotel here last night and looted the safety deposit of jewelry worth \$100,000 belonging to guests and escaped.

YOUNGSTER HAS LEG BROKEN SKATING

William, the little son of Mr. and Mrs. S. W. Fife, had a leg broken about noon while skating on roller skates. He in some way caught his foot in between the spokes of a wagon wheel. He was taken at once to the hospital where the Daily Register goes to press he is reported as resting comfortably.

SNEAK THIEF ON BARNES MILL PIKE

A sneak thief got into the home of George B. DeJarnette Jr., on the Barnes Mill pike, last week and stole about all the spare clothes he had. A couple of fine razors, his shirt studs, his wife's wrist watch, and other valuables were taken. The family were visiting at a neighbor's at the time, and it was some time before the clothing and articles were missed. Mr. DeJarnette has a clew to the thief and unless his things are returned P. D. Q. he is going to get busy about the matter.

HOPES FOR NEWS OF MISSING SON

Edgar Walker Peyton, Reported Missing In Russia, Is Sought By Parents Here

In January, 1919, Edgar Walker Peyton, son of W. L. Peyton, of Richmond, was shot down in Russia, while battling with the Russian Bolsheviks in Siberia. His parents have never heard from him since.

The War Department reported him as missing. His comrades, Stewart West and Sam Salter, of Richmond, said they saw him shot. They thought he was killed but his body was never found. The War Department records say that he is one of the many thousands reported as missing.

The other day some one sent his father a paper with a report of a young man at the government hospital at Dayton, O., who does not remember his name. This young man is said to have been in the army hospital at Dayton for some time. He seems sort of crazed. Some one thought he resembled description of the Peyton boy, so the paper was sent to his father here. Mr. Peyton will write a letter at once to the hospital at Dayton giving full description of his son, and if necessary will go there to see if he can identify the young man.

Both his comrades, West and Salter, said they saw young Peyton fall but didn't know whether he was killed or not. Official reports said his body was never recovered.

The young man was a member of the 339th infantry doing duty in Siberia. He was 22 years of age when he left with his company.

His parents here have waited three years for news of him, hoping against hope, as the official reports simply has him as "missing."

NORMALCY NOW HITS COTTON MILL WORKERS

(By Associated Press)
Boston, Mass., Feb. 13.—Half of the 200,000 cotton mill operatives or New England are on reduced wage scales today and nearly 50,000 of them were on strike in protest, as a result of many plants being shut down, including the Amoskeag Mills, at Manchester, the largest cotton mill in the world.

"UNCLE JOE" CANNON NOT A CANDIDATE

(By Associated Press)
Washington, Feb. 13.—"Uncle Joe" Cannon, the oldest member of the House, today announced he would not be a candidate for reelection as Representative from the 18th Illinois district. The former speaker announced his intention to retire from politics in an 11-voiced statement which read "I am not a candidate for reelection to the 68th Congress." The Illinois representative is one of the most picturesque and widely known figures in Congress. He will be 86 years old next May 7. He is serving his 23rd term, during eight years of which he was speaker.

While Cannon gave no reason for his announced intention to retire, close friends declared he has made the decision in the belief his health and age made a less strenuous life advisable. He is expected to retire to his home in Danville, Illinois, after serving out his present term.

When Your Farm Stock Is Sick, Look for Rats

Disease among farm animals just don't happen. Rats are carriers of dangerous plagues—hog cholera, foot and mouth disease, and that terrible of all scourges—Bubonic plague. Farmers, should know around premises RAT-SNAKE. It's sure and safe. Three sizes, 85c, 65c, \$1.25. Sold and guaranteed by Douglas & Simmons and Stockton and Son, feb

Real Estate Coming Back

Real estate values seem to have responded quickly to the success of the Burley Tobacco Association organization. Reports of land sales all over the Blue Grass indicate higher levels. In Shelby county where a num-

ber of farms sales at good figures have been noted recently, the Shelbyville News says:

Farm land values throughout Central Kentucky are taking on a greatly improved tone and steadily rising prices soon may be expected now that the Tobacco Co-operative Marketing Association is an assured success as evidenced by the big sale of the pooled crop and the good prospects for the re-planting of it to be taken by the big manufacturers at an early date. With good prices assured for the next five years on tobacco, the big land-paying crop, it is bound to be reflected in a steady advance in the price of land. At least this has been the result wherever co-operative marketing associations have been successfully operated, and it is not likely to prove an exception in the Blue Grass section. The marked increase in foreign exchange rates during the past few weeks also means increased exports of agricultural products.

Goodbye Boils!

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so thick full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-cleansers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at drug stores, in two sizes. The larger size is the more economical.

RICHMOND MARKET AHEAD OF STATE

The Richmond non-pool tobacco market is far ahead of the state average for burley in sale prices. W. E. Luxon, manager of the Home Warehouse, states that his average so far is about \$28, while the report of sales of all warehouses for the month of January, only shows a state average of \$21.82, thus giving the local market a nice margin ahead and maintaining the contention of local tobacco men that Richmond's tobacco market is the highest in the state.

The sales of tobacco for January in the burley district as shown by the monthly report of all warehouses in Kentucky to W. C. Hanna, Commissioner of Agriculture at Frankfort, is:

Burley tobacco sold for growers—21,318,718 pounds; for \$4,660,302.40; average \$21.86.

Burley sold for dealers—3,728,670 pounds; for \$878,353.64; average \$23.55.

Burley resale—2,246,082 pounds for \$418,938.93; average \$18.60.

Total burley and average—27,293,470 pounds; for \$5,957,594.97; average \$21.82.

What Mrs. Brinnenger, of New York Says About Rat Poison

"Tried preparations that kill rats, but RAT-SNAP is the only one that prevents disagreeable odors after killing. Also like RAT-SNAP because it comes in handy cakes, no mixing with other food. You don't have to dirty your hands, it's the best for house hold use." Try RAT-SNAP. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Stockton and Son and Douglas and Simmons. feb

LUCIEN BURNAM GETS A CAR CHEAP

Prohibition Agent Lucien A. Burnam, of Richmond, secured a Buick roadster at a bargain when it was sold by Chief Prohibition Agent Fields, Saturday. It was a car which the dry raiders had seized at Brooklyn bridge loaded with whisky. The Lexington Leader said of the sale:

A Buick roadster, seized Dec. 2, at Brooklyn bridge by federal dry agents while being used to transport 120 quarts of red whisky, was sold at public auction at the garage of Akers and Vogt or East Main street Saturday afternoon by Chief Prohibition Agent F. G. Fields. The automobile sold for \$550.25, the bid having been run up to that figure from \$100 the opening bid. It was bought by L. A. Burnam, of Richmond. The government will realize only \$45 from the sale, Judge A. M. J. Cochran having held that a mortgage for \$505 held by Akers and Vogt should be paid out of the proceeds of the sale of the machine. The car formerly was owned by V. W. Burton, who was driving it the night of the seizure and who was fined \$400 in federal court on a charge of transporting whisky.

Feeling Grippy? Cold Coming On?

DRY, tickling sensation in the throat, headache, feverish, eyes ache. Don't play with that on-coming cold. Get Dr. King's New Discovery at once. Here's A New Wrinkle For Bill County Pistol Toters

Pineville, Ky., Feb. 13—A new order was instituted by Judge A. C. Foster when he decreed that sessions of circuit court should be opened with prayer; that there should be no smoking and spitting on floors. In urging the grand jury to be diligent in finding indictments against pistol toters and in anticipation of a great number, he stated that all gunmen who deliver their arms to court will be given their indictments "in trade," and as long as no other gun is carried the indictments will sleep.

Ford's \$8,000,000 Check For Lincoln Motor Co.

Detroit, Mich., Feb. 13—A check for \$8,000,000 bearing Henry Ford's signature, was turned over Saturday to Ralph Stone, receiver of the Lincoln Motor Co., completing the transaction whereby Ford becomes owner of the Lincoln property, sold at auction last Saturday.

New Chief of Police Hates Moonshine

Irvine, Ky., Feb. 13—Russ Sizemore has been elected chief of police by the city council to succeed Charles Gurley, who was shot to death in his office here January 29. Chief Sizemore came here from Breathitt county and has been a member of the force for four months. During that time he has been instrumental in destroying 25 moonshine stills. "I hate the moonshiner and bootlegger worse than a rattlesnake," he is quoted as saying.

Jim Wagers' Baby O. K. Again

Friends are glad to know that little Edith Woods, two-year-old daughter of Mr. and Mrs. James W. Wagers, has apparently completely recovered from the obstruction in her windpipe, which threatened to become quite serious last week. The physicians at Louisville were unable to ascertain just what the obstruction was, and by the time they made their examination with instruments, it had disappeared, so the little girl was brought home and is playing about the house, apparently as bright and well as ever.

Bids Too High For New Church At Frankfort

Frankfort, Ky., Feb. 13—The building committee of the First Christian church rejected all bids for the new building, the bids running as high as \$192,000. The plans will be changed.

Man Lying In Road Was One of Three Highwaymen

Vanceburg, Ky., Feb. 13—Ruck O'Daugherty, who recently moved to Buena Vista, was robbed of \$55 and his pistol by highwaymen. He stopped his car when he saw a man lying in the road, apparently the victim of an accident. As he advanced toward him, two other bandits sprang out from hiding places, and the man whom he had expected to aid helped them search him.

SWIFT'S PRODUCE REVIEW

Deliveries of cream during the week have been lighter than during the previous week. There is a well-sustained demand for butter, with higher prices ruling at the close of the week, resulting in higher prices for butterfat in producing sections.

There has been a seasonal demand for fresh eggs and while receipts are increasing, prices have ruled fairly steady during the week. As production increases, prices may be expected to work lower.

The market for live and dressed poultry has shown little change during the week, although there has been a full supply available.

The marketing of fowl will probably not continue on such a large scale during the next few months, as producers will no doubt be inclined to hold them back for egg production.

VALLEY VIEW

Died at the home of his son at Valley View, 8:30 p. m., February 7th, Mr. Elihu Benton, at the ripe old age of 89 years. The 20th day of this month would have marked the ninetieth milestone on the road of life. To those of his immediate family, no words can be spoken that will ease the pain of his death, but from his death we may all draw inspiration for a better life, so that we, too, may face life's close in the same calm and dignified manner in which he watched the grim specter fold its mantle around him. When asked by a friend what he desired most on that last day, he repeated "to be rid of life's impediments."

Calmly and with christian faith he watched the end draw near and when it came there was not a struggle to mark the peace of his passing.

The funeral services were held at the home and after the sermon by Bro. Wm. Peel, the services were taken up by the Valley View lodge of Free Masons and the beautiful words of their service were spoken by P. Jack Wagers. Burial, with full Masonic honors, followed in the Nicholasville cemetery where his faithful wife had preceded him by two years.

The deceased leaves a family of nine children and a host of grand children and great grandchildren to mourn his loss.

How Schmidt Keeps In Shape

Charles Schmidt, the Louisville boy, who catches for Atlanta in the Southern League, is spending the winter in Irvine and keeping in condition in a novel manner. He is operating a ferry and puts in eight hours a day towing up and down the Kentucky river.

Jazz As Bad As Booze

Kansas City, Mo., Feb. 13—Jazz music has the same effect upon young people as liquor and should be legislated against, L. J. Cammack, Superintendent of Schools here, asserted in a speech before 1000 school teachers. "The nation has been fighting liquor a long time," Mr. Cammack said. "I am wondering whether or not jazz will not have to be legislated against as well. It seems to me that when it gets into the

Agnes Ayres in the George Melford Production "The Sheik," a Paramount Picture.

At first the lovely English girl hated the bronzed Arab chief who had captured her in the desert; then as she seen his tyranny over a hundred tribes, hate turns to fear, and fear to fascination. The Sheik is determined to make her love him. Does he succeed? That is the plot of this wonderful Paramount Picture.

blood of many of our young folks, and I might add older folks, too, it serves them as well as a still drink would. I think the time has come when teachers should assume a militant attitude toward all forms of this debasing and degrading music.

Strictly A Product of Kentucky

The report that the tobacco trust is shipping tobacco seed to other states to be planted, reminds us that certain grades of burley and dark tobacco are strictly Kentucky products, as the mule is of Missouri, the

wheat of the Dakotas, the Rocky Ford cantaloupes of Colorado, the alligator of Florida and the negro of the South. You might grow any of these products in every other state of the Union, but the characteristics of their native health will be missed in Glasgow, Texas.

Postmaster General Will Hays is to spend a month at Hollywood studying the movie stars in their lair, before he takes up his work of director of the movie industry at \$150,000 a year.

CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nicest cathartic-laxative to physic your bowels when you have

Headache	Biliousness
Colds	Indigestion
Dizziness	Sour Stomach

is candy-like Cascarets. One or two tonight will empty your bowels completely by morning and you will feel splendid. "They work while you sleep," Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets, too. If

ONLY a few generations ago the barber with his limited knowledge and skill was the community surgeon. Today surgery is a very highly specialized and respected profession.

As in the medical profession so in another calling, one we do not often think about or appreciate, the progress is similar working. The service of the modern funeral director is founded on a large fund of new scientific knowledge. It is backed up with facilities that provide for every possible requirement and take the place when desired of hospital, church and home.

It is a service that knows no eight hour day or any social or financial distinction, that places no limitations on what you may wish, that serves you this very day, through its complete preparedness.

SOCIAL and PERSONAL

Calendar

Monday afternoon at 2:30 the Boonesboro Chapter D. A. R. will meet with Mrs. J. J. Greenleaf.

Monday evening at 7:30 the church reception in honor of the Normal students who entered.

The following program will be heard in the recital at the Normal school chapel Thursday evening to which everyone is invited:

the new term.

Tuesday afternoon at 3 o'clock the Community Club will meet in the parlors of the First Christian church.

Study Class Entertained

The Mission Study Class of the Methodist church was entertained at the home of Mrs. E. H. Bybee Friday afternoon. A most profitable hour was spent, the class being fortunate in having Mrs. B. C. Horton, of Lexington, as a guest. There were about 30 members present. During

ing the social hour which followed the lesson, the host served very tempting refreshments.

Mary Pattie Club

The regular meeting of the Mary Pattie Club was held with Mrs. James Leeds on East Main street at which time a beautiful program was given as follows: Piano, Liebestraum, Liszt; Miss Robbie James; Vocal Solo—Rose of Picardy; Mrs. James Culton; Piano—Four Hands; See, Hungarian Rhapsody, Liszt; Florence Lewis, Nettie K. Evans; Vocal.

(a) In the Dark, In the Dew (b) Ho! Mr. Piper Miss Carrie Allman; Piano, Siren Song, Moore; Mrs. S. J. McLaughlin of Cecilian Club. Current events, Miss Evelyn Ginchigliani. A social hour was then enjoyed and the hostess served delicious refreshments.

Bridge Party

On Friday Mrs. B. L. Middleton delightfully entertained sixty guests at bridge, seven tables in the morning and eight in the afternoon. St. Valentine reigned supreme in the decorations and refreshments, tally cards and souvenirs. At the morning party the souvenirs were given to Mrs. Henry Cosby, Mrs. Joe P. Chenuit and Mrs. J. G. Bosley. At the afternoon party Mrs. R. R. Burnam, Jr., Miss Sadie Cecil and Miss Dorothy Perry were the winners. Misses Bessie Miller and Margaret Parrish assisted in the hospitalities. The out-of-town guests were Miss Sadie B. Cecil, of Danville, and Messdames Elizabeth Dudley and Verner Garner Lockman, of Winchester.

Six O'Clock Dinner

The fourth division of the Young Ladies Missionary Circle of the First Christian church entertained their fellow Circle members and friends of the other churches at a delightful dinner Friday, February 10. When dinner was announced the waiting guests were ushered into the banquet hall over which hung a most delightful air of oriental mystery. The room and tables were beautifully decorated in Japanese lanterns, fans and flowers. The place cards, picturing the rising sun, cleverly fashioned by Mrs.

Arnold, symbolized in a peculiarly appropriate manner, Japan, the land under discussion. The dinner was served in the swift, voiceless manner of the far east, by smiling American Japanese lassies in flowing kimono draped gracefully. After the banquet the guests were further entertained by an exceedingly attractive program. Miss Mossie Allman group leader, in her introductory speech easily bridged the gap between orient and occident and brought to us from her own country the following group of attractive young ladies: Misses Emma Davison, Nettie Oldham, Lillian Oldham, Leila Price, Florie Lane, Mrs. Marshall Brock and Mrs. O. L. Arnold, who were to add their appeal to hers. The male quartet charmed the audience even more, performing in their most delightful manner. Miss Emma Davison as a young Japanese fresh from mission school, acted as her own interpreter in describing most forcefully the characteristics and conditions of her country. Japan Miss Nettie Oldham, in a charmingly Japanese manner, gave an interesting eulogy to our missionaries. The entire group of young ladies then sang "A Prayer for Japan." Miss Lillian Oldham presided at the piano. As

AN OPEN LETTER TO OUR PEOPLE

Regarding a New Health Discovery Made at One of Our Leading Medical Colleges

It will interest the people to know that leading medical men of the country have for some time been advocating dietetic treatment—for weak, nervous, run-down, anemic conditions, for feeble old people, convalescents and delicate ailing children rather than medicine.

Nutritional science has now discovered an easy way of supplying the strength-creating, life-giving elements lacking in our daily food—for there has been tested and approved at one of America's greatest Medical Colleges a Nutritive Tonic Tablet called SUSTO which contains, in concentrated form, all the Vitamins of rice, yeast, eggs, milk, together with beef protein, nuclein and iron.

Therefore, if you need strength, lack energy, are nervous, anemic, run down, thin and ailing SUSTO will nourish the shrunken tissues, create strength, build up shattered nerves and energy.

If you try it for one month, at a cost of 10 cents day, and you are not in better health every way, weigh more and feel stronger, your money will be returned.

For sale by Perry's Drug Store. a fitting climax to such an evening Mrs. Sullivan, Superintendent of boys and girls work in Kentucky, was introduced. Her striking personality and pleasing accent immediately captured her audience, which sat entranced as she outlined work already accomplished and ideals yet to attain.

Meet At Union City

The Farmers Bureau and the Modern Woodmen will hold a meeting at the Union City high school building Wednesday night February 15th. Geoffrey Morgan and T. H. Collins will be the principal speakers of the evening. Everybody invited.

Mr. and Mrs. Ashby Carter spent Monday in Winchester.

Messrs. S. R. Campbell and Robert Winn, of Irvine, were recent visitors in Richmond.

Miss Mollie Fife left Sun for a month's stay in Savannah Georgia, with Mrs. Sidney Turner.

Mr. Carlisle Maupin spent Monday in Irvine.

Mr. and Mrs. Guy Davidson and children and Mrs. Carrie Davidson, of Lancaster, spent Sunday with Mr. and Mrs. Z. T. Rice.

Miss Anna Laura Hogan, of Jellico, Tennessee, has entered the Normal school for the mid-winter and spring term.

The Lexington Leader says Mrs. George Gay Prewitt has returned from a visit to her sister, Mrs. William D. Oldham in Lexington.

Mr. and Mrs. Henry White and Mrs. G. W. Goodloe were in Nicholasville Sunday the guests of Mr. and Mrs. John E. White.

Miss Nancy Yates was at home from Lexington for a week end visit to her parents, Mr. and Mrs. Collins Yates, on Third street.

Miss Martha Smock, of Irvine, is here to continue her course at the Eastern Normal.

Prof. Jewell, of Jackson, Ky., made a business trip to Richmond Saturday.

Miss Kathleen Bales left Monday for a brief visit to Lexington relatives.

Mrs. Normain Fain, of Irvine, was in Richmond shopping Saturday.

Miss Sue Chenault was at home from State University for the week end.

Mr. George Hume was host at an elaborate six o'clock dinner for a number of friends Saturday evening.

Mr. Clarence E. Woods, of Eustis, Florida, who has been spending some time at Crab Orchard Springs, is in Richmond.

Mother of Twins Burned When Spark Flies Out
Stanford, Ky., Feb. 13—While seated before an open fire entertaining her little twins Mrs. Jesse Nunneley, of McKinney, was severely burned, a spark igniting her clothing. She attempted in vain to tear her dress from her and as the flames spread, ran into the yard in panic. Her flight was stopped by a neighbor who extinguished the fire by rolling her on the ground.

A moonshine still was discovered close to the well residential section at 926 Third street, Louisville.

MADISON HI TAKES TWO MORE GAMES

Madison Hi added two more basketball victories to her string Saturday night she defeated the Crab Orchard girls and boys basketball teams at the Madison gym. Madison boys winning by a 49 to 10 score while the local feminine quintette came out with the long end of a 15 to 5 score.

The Madison boys easily walked away with the Crab Orchard five at the Madison gym by a 49 to 10 score Saturday night. The visitors proved to be an easy mark and before the first half was well under way had piled up a lead that was never overcome. Coach Lassiter sent his second team in toward the last of the game. They played a fast passing game and scored three points while Crab Orchard succeeded in making only one point against them. For Madison Talton Stone took the individual scoring honors. He made a total of 20 points during the game as the result of ten field goals. He missed several easy shots, however. In the last part of the first half Stone made a very fast play. He received a swift pass and shot the basket while running under the basket at top speed, the ball was in his hands only a fraction of a second.

Clouse played at the other forward and managed to shoot eight goals from the field for 16 points. He made all of his points in the first half. Besides his accurate shooting he worked well on the defense. He and Talton Stone broke up Crab Orchard passes and dribbled within striking distance of the goal several times. Everett Stone and Blevins each worked a half at center, both doing excellent work. Stone made four points. On the defense Hurst and Reeves held Crab Orchard to almost nothing. Besides doing fine work at the guard position, they both came in on the scoring. Ben Head substituting for Clouse toward the last, made a nice field goal. Jones, another substitute, shot a clean free goal, the ball never touching the rim of the basket. The line-up:
Madison—T. Stone (20) rf.

COLDS

"Pape's Cold Compound" is
Quickest Relief Known

Don't stay stuffed up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist on Papes!

Girl's Game
The Madison girls held Crab Orchard to only one field goal when they defeated them Saturday night by a score of 15 to 5.

Only one point was made by the visitors in the last half. The local girls have been improving rapidly in the last two games. In this game they outplayed Crab Orchard team at every stage of the game. Near the middle of the first half was the only time that Crab Orchard threatened at all. Miss Bennett again led Madison in scoring with seven points. She made three field goals and one from the field. Miss Bennett dribbled well to get in a position to shoot. In free goal shooting she averaged one hundred per cent, making three out of three attempts. Miss Dorothy Terrill at guard was next with four points. One of her baskets was the fastest made by a girl at Madison gym this year. She received the ball from one of her teammates and caged the basket with great speed running fast about four yards from the goal. Miss Yates and Miss Blanton made a field goal which accounted for the rest of Madison's scoring. Miss Myers held her forward to nothing from the standing guard position. The line-up:
Madison—Bennett (7) rf; Blanton (2) lf; Yates (2) c; D. Terrill (4) rf; Myers lg.

Crab Orchard—Strange (3) rf; Geiszel lf; Anderson (2); Cummings rf; Petters lg.

Substitutes for Madison, Evans and M. Terrill.

Referee—Gentry.

BURNAM PRAISES DENHARDT'S WORK

Prohibition Agent Lucien Burnam, who spent Sunday at his home here, is emphatic in his praise of the work of Col. H. H. Denhardt, in command of the troops at Newport for his fine work in the raid on the bootleggers and moonshiners there last week. Mr. Burnam says that Col. Denhardt is the kind of an official who knows no fear in the performance of his duty. On one occasion, he says, Col. Denhardt heard of a mass meeting of a number who objected to his tactics. Denhardt quietly slipped into the meeting, and when it seemed that some of the leaders were about to incite the crowd to try to "mob Denhardt," he arose and told them who he was and invited them to come out to the camp and his 400 troops would whip 10,000 of them. Denhardt wasn't mobbed.

Mr. J. A. White Says "If You Have an Automobile, Keep Rat-Snap."

"If I knew about RAT-SNAP last winter, would have saved \$120. My car was in the garage for a few weeks during bad weather; when I went to take it out, found that rats had eaten great holes in two new tires. Got them later with RAT-SNAP." Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Stockton and Son and Douglas & Simmons, feb

Middlesboro Dentist Marries Brother's Widow

Middlesboro, Ky., Feb. 13—Dr. Henry E. Motch, dentist, married Mrs. Harriett Motch, widow of his brother, who had moved to Cincinnati following the death of her husband. He is prominent in business as well as professional circles.

Lockjaw From Wound Causes Death Of Child

Maysville, Feb. 13—An injury suffered when a nail pierced his hand while he was playing at yesterday of James Sparks, 14-months old son of Samuel Sparks, Glen Springs near here. Lockjaw developed in the wound several hours before the child died.

Mr. and Mrs. Robert Woolcott of Winchester spent the week end with the latter's parents, Mr. and Mrs. Tom Chenault, on West Main street.

Mrs. B. H. Luxon spent Sunday in Lexington.

Mr. and Mrs. E. V. Elder left Sunday to spend several weeks in Florida.

"I Lost My Best Customer Through Rats," Writes J. Adams

"Used to have the busiest Restaurant in town until news spread that the kitchen was infested with rats; lost a lot of my best customers until I tried RAT-SNAP. Haven't a pest in the place now. Restaurants should use RAT-SNAP." Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Stockton and Son and Douglas & Simmons, feb
